MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Survey of the Office of Communications, Deputy Director  
(Support)

1. This Staff has completed its survey of the Office of Communications, DD/S, and the results are summarized for your review and approval in the attached I.G. Survey Report.

2. This survey, initiated on 15 August 1955, involved a detailed inspection of all major O/C Headquarters and field installations with the exception of those located in Latin America. More than [redacted] agency employees were interviewed on a personal and confidential basis and the consensus of these interviews has been incorporated into appropriate sections of the report. The report is lengthy and detailed due to the size of the Office of Communications and the scope and complexity of its operations, but all major conclusions and recommendations have been summarized in the first two sections of the report.

3. Attached for your approval and signature is a memorandum to the DD/S requesting that he provide his comments in writing no later than 15 February 1956.
